Invitation to Workshop and ESM2012

www.esm2012.com

Aalborg, 27th January 2012

Dear Affiliate,

I would like to introduce myself to you as the chair and organizer of an international scientific symposium, the Expert Scientific Meeting 2012 (ESM 2012), to be held in Aalborg from 1st to 4th August 2012. This letter is a kind invitation for yourself and your corporation to partake in this meeting particularly in the workshop on 1st August.

Topics for both the conference as well as the workshop will range from load distribution under the foot to in vivo pressure distribution within joints, on seats, or handles of tools, sports equipment, on data analysis techniques, and data integration in advanced applications.

The workshop will focus on basic measurement technology and example applications. It will also serve as a forum for linking the University and clinical or industrial entities within Denmark. There is room for a short presentation to participants as well as an opportunity to visit the laboratories at the Department of Health Science and Technology (www.hst.aau.dk), Aalborg University. The workshop day will be concluded with a reception at 'Kunsten', Aalborg's Museum of Modern Art.

The following three days will be filled by the scientific program. We have confirmed four internationally renowned keynote speakers with strong collaborative experience. The conference will end with a sociable banquet at the Utzon Center where the winners of various awards will be presented and celebrated.

You are welcome to register for the workshop only at the favorable price of DKK 350. If you wish to have information about your company/institution included in the conference bag, we only ask for a voluntary contribution. If you would like to present your company profile at the workshop in a 5-min. presentation, we would ask for a more substantial contribution of DKK 2,500. If you also wish to partake in the subsequent ESM conference, we kindly ask you to register via the conference webpage: www.esm2012.com (n.b.: For full ESM attendees the workshop participation is free).

Please let us know soon if you would like to attend. The final deadline for registration is the 30th June.

We thank you very much in advance for your contribution to make this event successful and hope to hear from you as soon as possible.

Yours sincerely,

Uwe Kersting, Chair, ESM2012
